

Women in Robotics Breakfast

We hereby invite you to a special breakfast event on 7 May as part of Week of Robotics dedicated to women working in robotics and automation, hosted by Odense Robotics, DIRA, and the Danish Technological Institute.

This exclusive gathering offers a unique opportunity to connect across organisations to share experiences, gain new perspectives, and inspire one another in a relaxed and informal setting.

Whether you are a developer, researcher, communicator, or team leader, the breakfast provides space for meaningful dialogue, professional networking, and fresh connections within the robotics community.

Enjoy a relaxed breakfast, meet like-minded female professionals, and hear from inspiring voices shaping the future of robotics:

Maude Plucker
Manufacturing Intelligence
Engineer, Future
Operational Technology
Novo Nordisk

Constanze Schmuck
Program Manager -
Strategic Large Accounts
Universal Robots

Kataryna Portmann,
Senior Product Manager,
ANYbotics & Women in
Robotics Swiss chapter
co-lead
